CLINICAL & PROFESSIONAL WORK EXPERIENCE

05/22 – present **Forensic Assessment, Training, & Research, (FASTR), LLC.**

1213 North Sherman Ave, #334

Madison, WI

Evaluator

Member of a team of four psychologists with expertise in the assessment, treatment, and safe management of individuals who have engaged in sexual offending behavior. In this role, I complete psychosexual evaluations, assessments of risk of sexual violence, forensic evaluations for the Courts, Sexual Violent Predator (SVP) Evaluations, and offer consultations and expert testimony.

03/22 – present **Federal Bureau of Intelligence's Mass Bay Threat Assessment Team (MBTAT)**

Boston Field Office

201 Maple St

Chelsea, MA

Civilian Consultant/MBTAT Core Team Member

Member of a multidisciplinary threat assessment team headed by the FBI's Boston Field Office and comprised of law enforcement professionals, state agency stakeholders, and mental health professionals. In this role I provide consultation on cases referred to the team about the level of threat posed by an individual and potential interventions designed to mitigate risk.

- 11/19 – present **Qualified Examiner (QE) & Member of the Community Access Board (CAB)**
 William James College (7/21 – present)
 1 Wells Ave
 Newton, MA
 CPC America Inc. (11/19 – 6/21)
 PO Box 920621
 Needham, MA
Independent Contractor – QE & Member of the CAB
 Appointed by the Commissioner of the Department of Corrections as a Qualified Examiner for the Commonwealth of Massachusetts tasked with completing evaluations pursuant to M.G.L., Chapter 123A, Sections 13 and 9 as to whether individuals meet criteria for one day to life civil commitment as Sexually Dangerous Persons. In addition, participate as a member of the Community Access Board.
- 05/19 – present **NFI North Inc.**
 40 Park Lane
 Contoocook, NH
Independent Contractor/Consultant
 Contracted to complete comprehensive assessments risk and treatment needs and develop comprehensive risk management plans for individuals with major mental illness who have been found NGRI or IST of offenses involving general and/or sexual violence and are subject to court-ordered conditional discharge in New Hampshire, to aid the agency in decision-making around increasing privileges and/or transitions to less restrictive housing settings.
- 02/19 – 8/20 **Firepsych Inc.**
 107 Meetinghouse Rd
 Norfolk, MA 02056
Independent Contractor/Evaluator
 Responsible for completing fire safety assessments of treatment and risk management needs to identify risk factors and treatment targets in individuals with histories of mental illness and/or developmental/intellectual disabilities and firesetting behaviors.
- 01/19 – present **Court Psychologist & Designated Forensic Psychologist Candidate**
Commonwealth of Massachusetts, Department of Mental Health (8/22 – present)
 Chelsea District Court in the Metro Boston DMH Area
Forensic Health Services (from 1/19 – 8/22)
 Lynn District Court Clinic in the DMH Northeast Area
 Responsible for evaluating individuals with mental illness and substance use issues brought before the Courts on criminal and/or civil matters to determine appropriate dispositions and referrals to needed services. Responsible for fulfilling the statutory obligations of the Department of Mental Health under MGL c. 123 which include, but are not limited to:
- Evaluation of the need for Emergency Hospitalization (c.123, s.12e)
 - Competence to Stand Trial or Criminal Responsibility Screening Evaluations (c.123, s.15a)
 - Evaluation of the need for Hospitalization of Mentally Ill Prisoners (c. 123, s.18a)
 - Determination of the Mental Condition of Witnesses or other party (c.123, s.19)
 - Evaluation of the need for Commitment of Substance Abusers (c.123, s.35)
 - Aid in Sentencing Evaluations (c.123, s. 15e)
 - Provide coverage on an as needed basis for other Court Clinics in the Northeast Area (e.g., Haverhill, Newburyport, Salem, Malden, etc.), performing all of the above evaluations there on an as needed basis
 - Collaborate with local law enforcement, community mental health providers, jail diversion teams, DMH or DMH vendor staff, local hospitals to help facilitate case and risk management for clients in the community
 - Candidate in the Designated Forensic Professionals training program operated by the Forensic Division of the Massachusetts Department of Mental Health. In this role I have also complete forensic evaluations at the DMH inpatient units at the Doctor Solomon Carter Fuller Mental Health Center and in various Court Clinics in the Metro Boston Area.
- 01/17-present **Forensic Assessment, Consultation, and Training Services, LLC.**
Founder, Clinical and Forensic Psychologist
 In private practice I provide training and consultation on a range of topics and perform a variety of forensic and risk assessments and offer consultations about risk management plans/strategies for

individuals with mental illness and/or ID/DD who reside in the community, are incarcerated, or psychiatrically hospitalized.

- Parole Board evaluations
- Forensic assessments to determine general and/or sexual violence risk
- Probation evaluations for individuals with sexual and general violence offenses
- Community-based assessments of general and sexual violence, treatment needs, and risk management
- Probable cause evaluations for SDP commitment for District Attorney's Offices
- Sexually Dangerous Persons evaluations (c.123A, ss. 9&13)
- Firesetting risk assessments
- Assessments of targeted violence risk
- Stalking risk assessments
- Sex offense/problematic sexual behavior risk assessments
- Competence to Stand Trial or Criminal Responsibility Screening Evaluations (c.123, s.15)
- Aid in Sentencing Evaluations (c. 123, s. 15e)
- Assessments of need for hospitalization due to mental illness related risk (c.123, ss. 7&8)

09/16-01/19

Commonwealth of Massachusetts/Massachusetts Mental Health Center

75 Fenwood Rd.

Boston, MA 02115

Licensed Psychologist

Acting Director of Clinical Services (02/17 – 01/19)

Assistant Director of Clinical Services (09/16 – 02/17)

Licensed Psychologist and member of the Executive Management Committee Community Mental Health Center (MMHC) operated by the Department of Mental Health (DMH) that provides outpatient mental health treatment to individuals who carry diagnoses of severe and persistent mental illnesses.

- Assisted the Director of Clinical Services (DCS) with the overall delivery and management of clinical services provided by the MMHC Site (outpatient services, case management services, services provided at the Fenwood Inn – DMH Emergency Shelter)
- Assisted with the ongoing development and implementation of practice standards to keep pace with the evolving healthcare landscape
- In conjunction with the DCS, contributed to the ongoing development and implementation of evidence-based treatment practices at MMHC
- Played an active role in the development and implementation of Center-wide procedures and guidelines regarding the “meaningful use” of medical documentation with respect to regulatory and billing standards
- In collaboration with the Medical Director, oversaw and managed risk mitigation processes for the Center
- Served as the primary hiring manager responsible for overseeing the MMHC Site's duties with respect to hiring all new clinical staff (MASS Careers trained)
- Assessed the treatment and risk management needs of MMHC service users and provided specialized consultation services upon request of persons served, providers and/or MMHC/DMH Area administration.
- Conducted comprehensive record reviews and assessment reports (including psychological testing) to delineate the treatment and risk management needs of services users
- Provided case consultation to treatment teams, community providers, and residential program staff through participating in risk mitigation meetings and other team meetings
- Performed diagnostic assessments at the discretion of the DMH Metro Boston Area Office, MMHC Center Director, to assist with eligibility determination for high-risk individuals
- Served as a member of the Psychology Faculty for the MMHC/BID/Harvard Psychology Training Program (APA Accredited) and Harvard/Longwood Psychiatry Residency Training Program
- Provided supervision and didactic training to psychology practicum students, interns, post-doctoral fellows, and psychiatry residents around general psychological testing/assessment, risk assessment, and treatment provision, as well as other areas of established expertise
- Testified on behalf of DMH as an expert witness in 7&8 commitment hearings
- Between February 2017 and December 2018, I covered for the DCS, as the role has been vacant and in this capacity I: supervised all clinical team leaders, assumed the role of hiring manager for all clinical staff, completed performance evaluations for team leaders and reviewed performance evaluations for all clinical staff, overseen the implementation, evaluation, and delivery of clinical services

07/14-09/16

Vinfn Inc./Massachusetts Mental Health Center

75 Fenwood Rd.
Boston, MA 02115

Licensed Psychologist

Director of Clinical Risk Management (January 2015-September 2016)

Metro Boston MI/PSB Assessment Coordinator

Licensed Psychologist at MMHC, a Community Mental Health Center (MMHC) operated by the Department of Mental Health (DMH) that provides outpatient mental health treatment to individuals who carry diagnoses of severe and persistent mental illnesses.

- Assessment Coordinator for the Mental Illness/Problematic Sexual Behavior (MI/PSB) Team, responsible for completing assessments of treatment and risk management needs on all clients, both inpatient/incarcerated and in the community in the Metro Boston Area
- Provided supervision to and co-facilitate MI/PSB didactics for psychology practicum students, predoctoral interns, postdoctoral fellows and psychiatry residents around MI/PSB Assessments of Treatment and Risk Management Needs and other related topics
- Co-taught a weekly CBT Seminar and provide weekly individual supervision to psychology interns at the MMHC Partial Hospital Program that focuses on helping trainees of various disciplines develop case formulation, treatment planning, and therapeutic intervention skills
- Served as a member of the Psychology Faculty for the MMHC/BID/Harvard Psychology Training Program
- Participated on the Planning Committee for the Annual Massachusetts Mental Health Center Testing Conference
- Provided individual therapy to clients with histories of general and/or sexual violence
- Completed diagnostic assessments to help determine eligibility for DMH clinical services
- Collaborated with the Medical Director around risk management processes for the Center
- Completed community-based risk assessments to determine treatment and risk management needs for MMHC clients with histories of violence
- Worked with the MMHC administration to provide the Metro Boston Area DMH Administration with quarterly reviews/updates regarding high-risk clients in line with the requirements of DMH's Community Risk Mitigation Policy
- Participated in weekly administrative meetings such as, Risk Reviews, Hot cases, and Incident Report Reviews and offer feedback/consultation about risk management interventions and strategies for clients served by MMHC and who have or are at risk of engaging in violence and their providers
- Testified on behalf of DMH at M.G.L., Chapter 123, sections 7&8 Civil Commitment hearings when asked to do so

11/13-present **Massachusetts Department of Mental Health**

25 Staniford St.
Boston, MA 02118

Independent Contractor

Complete Community-based Violence Risk Assessments, Stalking Risk Assessments, Mental Illness/Problematic Sexual Behavior (MI/PSB) Assessments of Treatment and Risk Management Needs on DMH clients who have a history of PSBs who are in the community, incarcerated, or psychiatrically hospitalized throughout the state under the provisions of the Master Service Agreement.

01/12-06/12 **Vinfen**

Massachusetts Department of Mental Health
Massachusetts Mental Health Center

75 Fenwood Rd.
Boston, MA 02115

MI/PSB Consultant

Independent consultant for the Massachusetts Mental Health Center's Mentally Ill/Problem Sexual Behavior (MI/PSB) program, an outpatient treatment program that specializes in providing assessment, treatment, and risk management of individuals with severe and persistent mental illness and problematic sexual or sexual offending behavior.

- Performed comprehensive record reviews to assist treatment teams in determining risk management needs when the client is unable or unwilling to participate in the assessment process
- Participated in weekly multidisciplinary MI/PSB treatment team meetings
- Administered psychological tests and risk assessment measures to help determine treatment and responsivity needs

- Conducted clinical interviews
- Composed comprehensive assessment reports designed to speak to individualized treatment and risk management needs
- Performed comprehensive record reviews

06/11-07/12 **MHM/Forensic Health Services**

Bridgewater Correctional Complex – Massachusetts Treatment Center
30 Administration Rd.
Bridgewater, MA 02324
Psychometrician

Member of the assessment team at the Massachusetts Treatment Center, a unique facility operated by the Massachusetts Department of Corrections that houses both individuals who have been designated sexually dangerous predators and civilly committed and inmates currently serving state prison sentences who have committed a sexual offense.

- Performed Comprehensive Evaluations on state inmates who have been deemed ready to transition from an Assessment & Treatment Preparation Unit to the Core Treatment Unit, and on civilly committed residents who have agreed to participate in treatment
- Provided treatment recommendations based on the Self Regulation Model and the Good Lives Model in an attempt to address dynamic factors that contribute to offending behavior, thereby reducing recidivism risk
- Collaborated with treatment providers to develop individualized treatment plans by sharing the results of these assessments
- Provided clinical supervision to two newer members of the assessment team, review assessment instruments and findings, provide feedback on reports, support them in scoring risk assessment measures
- Administered specialized assessments to determine whether inmates require accommodations to treatment curriculum or to the General Equivalency Degree test based on cognitive limitations
- Developed the curriculum for the Arousal Management and Covert Scripts psychoeducation class
- Oversee the Phallometric Assessment process and the Arousal Management Lab where ammonia aversion is coupled with covert sensitization to reduce deviant arousal

12/10–6/15 **David Burton, M.S.W., Ph.D and the Massachusetts Department of Youth Services**

Project Coordinator/Research Assistant

Head of a three-person data collection team working under David Burton, M.S.W, Ph.D, and Yvonne Sparling, Ph.D. to evaluate the efficacy of the Dialectical Behavior Therapy program that has been implemented state-wide by the Massachusetts Department of Youth Services

- Perform administrative duties on an as needed basis
- Administer a pre- and- post-intervention assessment battery to residents in secure treatment programs across the state.
- Coordinate with staff at the treatment units to schedule times for assessments to be completed

01/10-11/10 **NFI Massachusetts Inc. – Positive Opportunities Program**

94 Highland Ave.
Fitchburg, MA 01420
Clinician

Clinician at a private 16-bed residential treatment facility funded by the Massachusetts Department of Youth Services. The program is contracted to serve adolescent males who have been adjudicated on violent or sexual offenses by providing them with a therapeutic intensive environment.

- Served as the primary clinician for up to ten residents and provide them with weekly individual therapy sessions
- Facilitated weekly family therapy sessions with families of clients who are approaching discharge
- Prepared monthly progress updates on each of my individual clients
- Facilitated two weekly clinical process groups
- Coordinated new resident intakes
- Facilitated weekly DBT skills training and skill building group
- Facilitated weekly Substance Abuse Prevention and Substance Abuse Treatment groups
- Participated in monthly multidisciplinary treatment team meetings
- Performed psychosexual and risk evaluations on an as needed basis
- Communicated with collaterals and funding source representatives about clients' treatment needs

09/09–07/10 **Antioch University New England**
40 Avon St.

Keene, NH 03431

Teaching Assistant

Teaching assistant for Methods of Psychological Assessment class, an introductory class for first year doctoral students in clinical psychology. This class provides an overview of the WISC-IV, the WAIS-IV, the WJ-III, the Rorschach, and Cross-Battery assessments.

- Held weekly TA sessions to provide students with help understanding the material
- Provide written feedback on students' written assignments
- Worked collaboratively with the professor to develop the syllabus for the course

05/06-01/10 **NFI Massachusetts Inc. – Positive Opportunities Program**

94 Highland Avenue

Fitchburg, MA 01420

Assistant Program Director

Assistant director of a private 16-bed residential treatment facility funded by the Massachusetts Department of Youth Services. The program is contracted to serve adolescent males who have been adjudicated on violent or sexual offenses by providing them with a therapeutic intensive environment.

- Oversaw all aspects of daily program operation
- Served as a critical member of the management and treatment teams
- Participated in clients' monthly treatment meetings
- Communicated and coordinated with clinical and educational directors to address issues of program development and effect necessary change
- Provided supervision to the three shift supervisors and oversee the supervision and necessary disciplinary action of all program staff
- Monitored program operations, environment, and culture
- Established and maintain staffing pattern for program personnel
- Played an integral role in the interview and hiring process
- Prepared annual performance evaluations for supervisory staff and oversee the evaluation process for all staff
- Supervised practicum students

Other Related Accomplishments:

- Played a vital role in preparing the program for its DEEC licensing study by developing and organizing its Policy and Procedures Manual
- Participated in the development and implementation of a clinically based, phase driven treatment model and comprehensive resident handbook
- Assisted in writing the Program's contract with the Department of Youth Services

08/05–05/06 **NFI Massachusetts Inc. – Positive Opportunities Program**

94 Highland Avenue

Fitchburg, MA 01420

Second Shift Supervisor

- Accomplished all duties of direct care staff
- Coordinated and executed daily program schedule and work assignments for staff
- Created a climate that encouraged and reinforced the treatment milieu
- Assured the safety and security of the facility when on shift
- Responsible for the direct supervision of five direct care staff
- Provided new staff with on site orientation and training
- Accountable for medication administration, count, and records
- Facilitated two weekly treatment and psychoeducational groups

05/05-09/05 **Worcester County Juvenile Court – Probation Department**

1 Highland Street

Worcester, MA 01608

Master's Level Intern

- Supported Sr. Probation Officer at Juvenile Court
- Assisted with intakes to determine clients' indigence and conducted interviews with juveniles and their parents
- Observed court proceedings for delinquency, CHINS, and C&P hearings
- Performed school visits to monitor student behavior
- Executed offender profiles and Risk/Needs Assessments
- Assisted in writing supervision plans and recommendations for court proceedings

- Issued violations of supervision and probation

10/04-08/05 **NFI Massachusetts Inc. – Positive Opportunities Program**

94 Highland Avenue
Fitchburg, MA 01420
Direct Care Staff

- Monitored client behaviors and interactions and provided constant support, guidance, and role modeling for youth
- Implemented anger management curriculum and facilitate groups twice a week
- Performed new resident intakes and assumed advocacy role for clients

SUPERVISED CLINICAL EXPERIENCE

07/13-06/14 **Massachusetts Mental Health Center Division of Public Psychiatry of the Beth Israel Deaconess Medical Center Department of Psychiatry at the Harvard Medical School**

75 Fenwood Rd
Boston, MA

Postdoctoral Fellow; Metro Boston MIPS/Assessment Coordinator

Postdoctoral fellow at the Massachusetts Mental Health Center (MMHC), a state-run community mental health center.

- Assumed primary responsibility for completing assessments of treatment and risk management needs on all DMH clients, inpatient, incarcerated or in the community, in the Metro Boston Area referred to the MI/PSB program at MMHC
- Provided individual therapy to clients with histories of violence and/or PSB
- Complete diagnostic assessments to help determine DMH eligibility
- Completed community-based risk assessments to determine treatment and risk management needs for MMHC clients with histories of violence
- Consulted to the Medical Director about risk management-related practices at the Center
- Worked with the MMHC administration to provide the Area Administration with monthly reviews/updates regarding high-risk clients in line with the requirements of DMH's Community Risk Mitigation Policy
- Participated in weekly administrative meetings such as, Risk Reviews, Hot cases, and Incident Report Reviews

07/12-06/13 **Massachusetts Mental Health Center, Division of Public Psychiatry of the Beth Israel Deaconess Medical Center, Department of Psychiatry at the Harvard Medical School**

75 Fenwood Rd
Boston, MA

Predoctoral Psychology Intern

Predoctoral psychology intern at an APA accredited internship training program at MMHC, a community mental health center operated by the Department of Mental Health (DMH) that offers both partial hospital and outpatient levels of care.

- Facilitated several weekly psychoeducational groups that use Cognitive Behavioral Therapy (CBT) techniques to address symptoms of and deficits associated with mental illness in patients at the Partial Hospital Program (PHP)
- Acted as primary clinician for two patients at the PHP, providing individual therapy and performing all case management duties necessary for discharge planning
- Composed comprehensive assessments on new MI/PSB clients, integrating testing data, clinical interviews, and available records to produce recommendations regarding individualized treatment and risk management needs for individuals in inpatient facilities and in the community
- Served as primary clinician for clients receiving services from the MI/PSB outpatient team
- Conducted psychodiagnostic evaluations for patients who have been referred by MMHC outpatient clinic

- Served as a member of the Community Risk Mitigation (CRM) committee and in this capacity, select a comprehensive, empirically supported assessment battery that will be used to assess treatment and risk management needs of violent offenders at MMHC

09/10 – 06/11 **Massachusetts Mental Health Center**

180 Morton St.
Jamaica Plain, MA 02130
Practicum Student

Practicum student in the Mental Illness/Problematic Sexual Behavior Program (MI/PSB), a treatment program within the Massachusetts Department of Mental Health (DMH) designed to provide outpatient services to chronically and persistently mentally ill patients who have committed sexual offenses or who have a history of exhibiting problem sexual behavior (PSB).

- Facilitated weekly MI/PSB treatment groups
- Acted as the primary clinician for individual clients who were either inpatient at LSH or in the community
- Composed comprehensive assessments, record reviews, and consultations designed to speak to MI/PSB treatment and risk management needs

09/09-09/10 **Federal Medical Center at Devens**

42 Patton Rd.
Devens, MA 01432
Practicum Student

Practicum student in the Residential Sex Offender Treatment Program (SOTP-R) and the Sex Offender Management Program (SOMP). The SOTP-R at Devens is the Federal Bureau of Prison's (BOP) only residential sex offender treatment program.

- Facilitated weekly psychoeducational groups specifically designed to target empirically supported dynamic risk factors that increase sexual recidivism rates
- Acted as the primary clinician for individual inmates
- Facilitated a weekly therapeutic process group
- Performed psychosexual and psychodiagnostic assessments on inmates in the SOTP
- Administered comprehensive assessment batteries to determine accommodations that need to be made to the SOTP curriculum to meet individual needs of inmates with cognitive limitations
- Performed intake assessments on inmates in the SOMP
- Composed comprehensive intake reports and discharge summaries for US Probation and the Certification Review Panel, which determines if an inmate meets criteria for civil commitment under the Adam Walsh Act of 2006

09/08-06/09 **Winchester Elementary School**

105 Parker St.
Winchester, NH 03470
Practicum Student

Practicum student in the school psychologist's office at an Elementary school for students in grades K – 8.

- Administered comprehensive assessment batteries (cognitive, academic, neuropsychological, projective) to students to determine eligibility for special education services
- Assumed the role of individual counselor for students referred for services
- Maintained contact with parents and outside agencies/parties involved in individual clients' cases
- Participated in clinical team meetings for students
